

LIQUID CHLORINE DIOXIDE SOLUTIONS

CD-Tabs™ Chlorine Dioxide Generating Tablets

CD-Tabs offer a simple method for generating chlorine dioxide liquid. Simply drop one tablet into a gallon of water to generate a generic, 100 ppm solution of liquid chlorine dioxide. CD-Tabs are inexpensive and easy to use and provide a non-acidic, chlorine dioxide odor-control solution. If higher concentrations are desired, simply add another tablet.

Potential Applications

- Floor drains
- Wiping surfaces
- Spraying rooms
- Animal cages
- Water supply lines
- Water tanks/bottles

Product Number	Water Required	CD Solution Concentration	Quantity per Box
CDTAB100	1 Gallon	100 ppm	100 Tablets
